*Abstract : Among the numerous analyses of those missing in action in Southeast Asia, this study is the first to concentrate on the process whereby the US military tried to resolve each case. Much of the continuing controversy ignores or refuses to accept the fact that the US Government, through the Joint Casualty Resolution Center and other mechanisms, has made a thorough, sustained, good faith effort to determine the fate of every serviceman declared missing in action in that conflict.*

*I have seen it in a couple of military and university libraries. Look for it. It is informative. The book also documents how missing men from the Vietnam War were parlayed into a political issue by a group of Southern California Republican loyalists who gained the attention of a California gubernatorial candidate -- Ronald Reagan.*
